INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

International application No. International filing date (day/month/year) (Earliest) Priority Date (day/month/year) PCT/BP 03/06165 12/06/2003 20/06/2002 Applicant CIBA SPECIALTY CHEMICALS HOLDING INC. This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the international Burieau. This International Search Report consists of a total of	Applicant's or agent's file reference FOR FURTHER see Notification of Transmittal of International Search Repo								
Applicant CIBA SPECIALTY CHEMICALS HOLDING INC. This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18.4 copy is being transmitted to the International Bureau. This International Search Report consists of a total of sheets. X It is also accompanied by a copy of each prior art document cited in this report. 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.	PP/1-22699/CGM 515	ACTION							
Applicant CIBA SPECIALTY CHEMICALS HOLDING INC. This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau. This International Search Report consists of a total or	International application No.	International filing date (day/month/year)	(Earliest) Priority Date (day/month/year)						
This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 16. A copy is being transmitted to the International Bureau. This International Search Report consists of a total of	Applicant		**************************************						
This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 16. A copy is being transmitted to the International Bureau. This International Search Report consists of a total of									
This International Search Report consists of a total of	CIBA SPECIALTY CHEMICALS I	HOLDING INC.							
This International Search Report consists of a total of			****						
It is also accompanied by a copy of each prior art document cited in this report. 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item. the international search was carried out on the basis of a translation of the international application furnished to this Authority (Pulle 23.1(b)). b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing: contained in the international application in written form. filled together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. Certain claims were found unsearchable (See Box I). Unity of invention is lacking (see Box II). With regard to the title, the text has been established by the applicant. the text has been established by this Authority to read as follows: 5. With regard to the abstract, the text has been established, according to Fulle 39.2(b), by this Authority as it appears in Box III. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. because the applicant failed to suggest a figure.			nority and is transmitted to the applicant						
It is also accompanied by a copy of each prior art document cited in this report. 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item. the international search was carried out on the basis of a translation of the international application furnished to this Authority (Pulle 23.1(b)). b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing: contained in the international application in written form. filled together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished. Certain claims were found unsearchable (See Box I). Unity of invention is lacking (see Box II). With regard to the title, the text has been established by the applicant. the text has been established by this Authority to read as follows: 5. With regard to the abstract, the text has been established, according to Fulle 39.2(b), by this Authority as it appears in Box III. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. The figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. because the applicant failed to suggest a figure.	This International Search Benort consists	of a total of 3 sheets							
a. With regard to the language, the international search was carried out on the basis of the international application in the tanguage in which it was filed, unless otherwise indicated under this item. the international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)). With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing: contained in the international application in written form. filled together with the international application in computer readable form. furnished subsequently to this Authority in written form. furnished subsequently to this Authority in computer readable form. the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished Unity of invention is lacking (see Box II). Unity of invention is lacking (see Box II). With regard to the title, X	· ·	· · · · · · · · · · · · · · · · · · ·	report.
